KGS FLEXIS® RT pads with FERRZON

KGS DIAMOND GROUP of Switzerland has developed a completely new range of its revolutionary KGS FLEXIS® pads with FERRZON®. The new KGS FLEXIS® RT pads with FERRZON technology are specifically designed for "high energy" oscillating floor machines. This new KGS technology is based on decades of precision polishing in the most demanding industries, where KGS products are world leaders in performance. These new KGS FLEXIS® RT pads with FERRZON® technology will bring the absolute highest performance from any "high energy" oscillating floor machine.

The KGS FLEXIS® system is easy to use, extremely versatile and will save you money. Using your rectangular floor cleaning equipment, you can clean, maintain and polish concrete, terrazzo and natural stone floors.... It is as easy as 1, 2, 3! This special KGS new FERRZON® technology works WET or DRY, at high or low speeds, with heavy or light equipment... there is NO other technology available that matches the KGS FLEXIS®!

If you are unhappy with your current "old fashioned" diamond cleaning pads, and you are ready to join the KGS FERRZON® revolution, try the KGS FLEXIS® pads today!

KGS FLEXIS® rectangular PADS

- Excellent performance
- Can be used wet or dry
- 20mm thick open weave pads allows greater self cleaning of pads
- Not labour intensive - reduces cleaning times

Operational Use KGS FLEXIS® rectangular PADS

KGS Flexis® pads are available in four grit sizes.

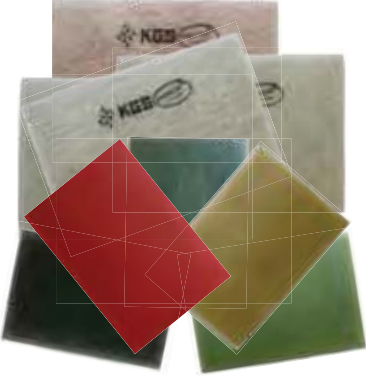

KGS Flexis® Coarse No 1 pad - This will remove a thin layer from the surface, deeply cleaning the surface, removing surface scratches and leaving a smooth clean floor with a honed silk finish.

KGS Flexis® Medium No 2 pad - Slight imperfections will be removed. At this point the surface is starting to close and KGS Flexis® pad leaves an economical silky finish.

KGS Flexis® Fine No 3 pad - The polishing sequence is starting and KGS Flexis® pad will leave a semi reflective finish on most surfaces. Many supermarkets are satisfied with this level of polish as it leaves an easy clean slip resistant shine.

KGS Flexis® Very Fine No 4 pad - This grade leaves a clear reflective shine on the floor surface. If used daily it will both maintain and continue to improve the polish over time.

Available sizes

- 18" x 12" (46 x 30 cm) coarse, medium, fine, VERY fine
- 20" x 14" (51 x 36 cm) coarse, medium, fine, VERY fine
- 28" x 14" (71 x 36 cm) coarse, medium, fine, VERY fine
- 32" x 14" (81 x 36 cm) coarse, medium, fine, VERY fine
- 26" x 18" (66 x 46 cm) coarse, medium, fine, VERY fine
